

X FH M

Add shelves, media box or power socket

A refined, flexible and mobile floor stand

This is a very flexible solution mounted on wheels that allows the screen to be mounted in both a vertical and horizontal position. This floorstand can be fitted with electrical power sockets (available as an option) and it is easy to add shelves and a Media Box for peripherals.

The X series is characterised by clean and refined features. The cable holder, for example, into which it is easy to place all cables by hand. The surface finish has also been given extra attention.

NB!

When mounting a touch display, please choose our Presence or Func series.
