Galaxy Tab S9 FE+ highlights

- 12.4" 2560 × 1600 (WQXGA) LCD, 90 Hz
- 8 GB RAM + 128 GB memory or 12 GB RAM + 256 GB memory, expandable by up to 1 TB with a microSD
- Super-fast S Pen with handwriting recognition (included)
- Ultra-thin and lightweight aluminum body
- IP68, Dual Sim (eSim), 45 W super fast charging
- Keyboard with touchpad (sold separately)

Multi-talented for every situation

The Galaxy Tab S9 FE Series is available in four colors (Mint, Lavender, Silver or Gray) and two sizes (10.9" & 12.4"). The immersive display with adjustable refresh rate from 48 to 90 Hz provides a super-smooth visual experience. Watching your favorite show or working on a project by the pool or in a tent in the woods? No problem! The new Galaxy Tab S9 FE Series is dust and water resistant with IP68 certification, and offers the best view even in direct sunlight thanks to Vision Booster.

Power for the whole day

The new Galaxy Tab S9 FE models deliver even greater performance than their previous models in many respects. The faster processor and up to 12 GB of RAM allow a smooth running of even the more demanding apps. The battery with up to 10,090 mAh provides enough power even on long and demanding days, and thanks to 45 W super fast charging the battery can be topped up again in no time. What is more, for those who have to manage large amounts of data the memory of 128 GB or 256 GB can be expanded by up to 1 TB with a microSD.

Your productivity booster

Combined with practical accessories and the right apps, the Galaxy Tab S9 FE becomes a real catalyst for boosting your productivity and creativity. For example, by using the Bookcover Keyboard and DeX mode, which make your tablet a notebook replacement, or the Notepaper Screen which is like writing on a notepad. Added to this, the S Pen and compatibility with apps such as GoodNotes, ArcSite, ClipStudio and LumaFusion make study and work easier. The optimized 3-microphone system with noise reduction and the 12 MP ultra-wide camera allow you to make professional video calls. Wi-Fi 6 and 5G network connectivity, together with Dual SIM and eSIM compatibility, ensure you have fast Internet wherever you are.
