

# Galaxy Tab S10+ | Tab S10 Ultra SAMSUNG

Do more, do better, be faster

The new Galaxy Tab S10 series represents the highest level of productivity. Equipped with the most powerful processor to date, the new Galaxy Tab S10 can run Galaxy AI functions with ease. These functions are optimized for its large display, providing a user experience similar to a laptop. The new super-bright Dynamic AMOLED 2X displays with their anti-reflection coating ensure maximum visibility and thus maximum productivity at any time of the day or night. Because the Galaxy Tab S10 is certified to IP68 standard, you can use it anywhere without worrying about it getting damaged by water or dust.

## Tab S10+ highlights

- 12.4" 2800 × 1752 (WQXGA+) Dynamic AMOLED 2X, 30-120 Hz with anti-reflection coating
- 12 GB RAM, 256 / 512 GB memory, expandable by up to 1 TB with a microSD

- MediaTek Dimensity 9300+ 4nm octa-core processor

## Tab S10 Ultra highlights

- 14.6" 2960 × 1848 (WQXGA+) Dynamic AMOLED 2X, 60-120 Hz with anti-reflection coating
- 12 GB RAM + 256/512 GB memory or 16 GB RAM + 1 TB memory, expandable by up to 1 TB with a microSD
- Super-fast S Pen, handwriting and gesture recognition (in-box)
- In-display fingerprint sensor
- 5.4 mm thin and 723 g light
- Dual selfie and main camera
- IP68 & Dual SIM (eSIM)
- Keyboard with touchpad and AI key (optional)
- MediaTek Dimensity 9300+ 4nm octa-core processor

## Designed for productivity

Thanks to its new ultra-fast MediaTek Dimensity 9300+ processor, even the most resource-hungry apps, games and Galaxy AI functions run smoothly on the new Galaxy Tab S10. The inclusion of Galaxy AI will boost your productivity to the next level, with features like Note Assist and the Solve Math function. Texts can be translated, summarized or transcribed in a snap and equations simplified in the blink of an eye. The new Book Cover Keyboard (available separately) has a Galaxy AI key that you can use to activate your personal AI assistant Gemini at any time.

## The right size

The Dynamic AMOLED 2X display, 12.4" on the Galaxy Tab S10+ and 14.6" on the Galaxy Tab S10 Ultra, provide the optimum user experience. The new, special anti-reflection coating makes the most vivid colors appear razor-sharp, even in poor lighting conditions. The ultra-precise S Pen is the perfect complement to the user experience. Its improved magnetic connection means that it will never be low on charge. Use the Galaxy AI Sketch to Image function to give your creativity free rein.

## Phenomenal performance

The new Galaxy Tab S10 series features an even more robust aluminum frame than its predecessors. At the same time, the new Galaxy Tabs are slimmer than ever and their extended battery life makes them perfect for travel. Their 5G network capacity, dual SIM and eSIM support and the latest Wi-Fi 7 standard ensures lightning-fast Internet access at all times. The devices have up to 16 GB RAM and 1 TB memory, which can be expanded by a further 1 TB. The dual selfie camera featuring a 12 MP wide-angle and ultra-wide-angle lens was developed for optimum video calls, to ensure that your target subjects will always look crisp and sharp.
