

## Experience more, discover more

The new Galaxy A36 5G takes performance, intelligence and camera quality to new heights. Its bright 1200 Nits screen and Dolby Atmos provide you with a breathtaking multimedia experience. A 50 MP main camera with optical image stabilization enables you to take highly detailed photos, while its front camera with video HDR makes your selfies even more dynamic. Thanks to AI functions like Circle to Search and Object Eraser, finding information and image optimization are even more efficient, making your everyday life easier. The Galaxy A36 5G is available in four new colors: Awesome Black, Awesome White, Awesome Lime, and Awesome Lavender.

### Galaxy A36 5G highlights

- 6.7" FHD+ Super AMOLED, Infinity O display, 120 Hz, 1200 Nits (HBM)
- Triple main camera: 50 OIS / 8 / 5 MP
- 12 MP front camera
- 6/8 GB RAM, 128/256 GB memory
- 5000 mAh battery with 45 W fast charging
- In-display fingerprint sensor
- Water-resistant and dust-proof (IP67)
- Samsung Pay

### Awesome camera

The 50 MP main camera, offering optical image stabilization, can take razor-sharp pictures and shoot stable videos even under poor lighting conditions. The new selfie camera with video HDR films in great detail and high contrast. As a result, your selfies and videos are lit optimally in every environment. Whether in portrait or landscape mode, with the Galaxy A36 5G, you can capture every moment in impressive quality.

### Awesome performance

The new display, with its brightness of up to 1200 Nits, ensures brilliant visuals, even in direct sunlight. Combined with Dolby Atmos, you can dive into an immersive audio world and experience music, films, and games in impressive quality. Thanks to a powerful 5000 mAh battery, you can remain online all day. But if you need it, 45 W fast charging enables you to recharge your Galaxy A36 5G in no time.

### Awesome intelligence

Circle to Search allows you to find information quickly. Simply mark an area of your screen to get corresponding search results immediately. With the Object Eraser, you can remove unwanted elements from your photos, thus perfecting your images in just a few clicks.
